Keeps Hair In Curl On Hot or Windy Days Long or Bobbed Hair (Liquid Silmerine)

Here's a hair-curling secret that is secidedly "worth while." Just apply a opportune time, affording them the opportunity and privilege of mobilizing using a clean toothbrush for the purpose, drawing this down the hair from trown to tip. In three hours you will have as beautiful curls and waves as you could wish for. The waviness will look so natural no one will guess it was artificially acquired. And it will last ever so long, regardless of heat, wind or dampess.

You can obtain Liquid Silmerine (Parker Belmont Co., Chicago) at any drug store, and a few ounces will last a long time. It is neither sticky nor greasy and is pleasant to use. It is doubly useful because of also serving as a beneficial dressing, keeping the hair soft, silky and lustrous.

Because "good people" don't seem to care whether the Volstead law is enforced or not, although law is enforced or not, although nominally in favor of it, the bootlegger continues to ply his trade with excellent returns.

This is the opinion of Miss Georgia Hopley, the only woman general prohibition agent on the staff of Commissioner Haynes.

Miss Hopley wants women to get busy and help dry up the nation. She wants them to work through church and Sunday school societies, literary and civic organiza-

The Half-Yearly Sale is not a hurried, hurrah event that rushes into print for a day's business and then peters out.

Jonah's gourd sprang up over night, but it takes time to grow an oak.

It takes time to build the Half-Yearly Sale. It takes time to confer with our makers, to get special price concessions, to get carload after carload of furniture into our warehouses and onto our floors.

However, most of the furniture is now here. Everything is ready and tagged, so we mean to ask our friends and whoever is interested in good furniture to survey our stocks at their leisure within the next five days.

We are sure of several things:

- 1. They will find fuller and more complete stocks than we have shown in years."
- 2. They will find lower prices on this furniture than they have seen in six years.
- 3. They will find only good furniture at every price, and not a poor piece of furniture at any price.

All the furniture is ticketed with its regular and present selling pricessavings are evident at a glance.

Selections may be made now, such transactions to date from Monday, August 14, when the sale proper starts.

However, each was sent to a different building, and the two old folks found the separation unbearable. Telling his troubles to another old veteran, Smith was informed that if they should get married they would be permitted to live to-gether at the same institution.
